ELIGANT AND ADVENTUROR

The new Jeep ^{and} Grand Cherokee 4xe plug-in hybrid offers excellent performance on the road and off-road. You can count on the short gears activated by the 4WD Low button, and the Hill Descent Control system that allows you to limit your speed downhill on sloping terrain. Discover a new driving pleasure.

A REAL EVIDENCE

The new Jeep ^{and} Grand Cherokee **will make your travel easier and more experience.** With more than 110 standard safety features, it ensures your safety and that of your passengers on the road. It is fundamental to giving you the freedom to explore and go on an adventure with confidence. This is why, thanks to state-of-the-art technological systems, Grand Cherokee guarantees level 2 in autonomous driving.

Jeep 4xe GRAND CHEROKEE

TECHNOLOGY 4xe

The Grand Cherokee 4xe offers **innovative performance and capabilities** through the combination of two powertrains, offering reactive **acceleration** while reducing fuel consumption. In addition, your peace of mind is ensured by the batteries designed to last the entire life of your Grand Cherokee.

A NEW FORCE

The power of the new 4xe plug-in hybrid Jeep and Grand Cherokee comes from the synergy of two high-performance powertrains: a 2.0-litre I-4 turbo engine with petrol that can deliver up to 272 hp, and the electric motor that can individually charge up to 145 hp. In combined use, the power of the Jeep and Grand Cherokee 4xe plug-in hybrid can be up to 380 hp
